DE'KYRIA'S STORY

Meet De'Kyria, an inspiring youth trainee whose passion for culinary arts and hospitality has flourished at City on a Hill, especially through the culinary badging class we introduced last year. Your dedication to our mission has empowered her to discover her passion and share it with others.

Now pursuing a degree in culinary and hospitality, De'Kyria has shown remarkable resilience and creativity in our program. With the support of our community partners, we've provided students like her with vital opportunities for engagement, giving back, and service.

De'Kyria shines as a role model, paving the way for future students. By sharing her skills and experiences, she inspires her peers and fosters a sense of belonging. Her involvement in community meal packing initiatives exemplifies her commitment to making a positive impact.

Our youth trainees embody hard work and community spirit, and De'Kyria's journey is a testament to the difference one person can make. Your generosity and support help make these opportunities possible for her and other students, creating the next generation of leaders.
